### **STERILE LATEX SURGICAL GLOVES (POWDERED)**

Lightly powdered for easy, comfortable wear, our gloves protect healthcare professionals from hazardous substances. They effectively absorb perspiration for a dry fit during prolonged use and undergo strict sterilization to ensure they are free from harmful microorganisms.

 6, 6.5, 7, 7.5 AND 8

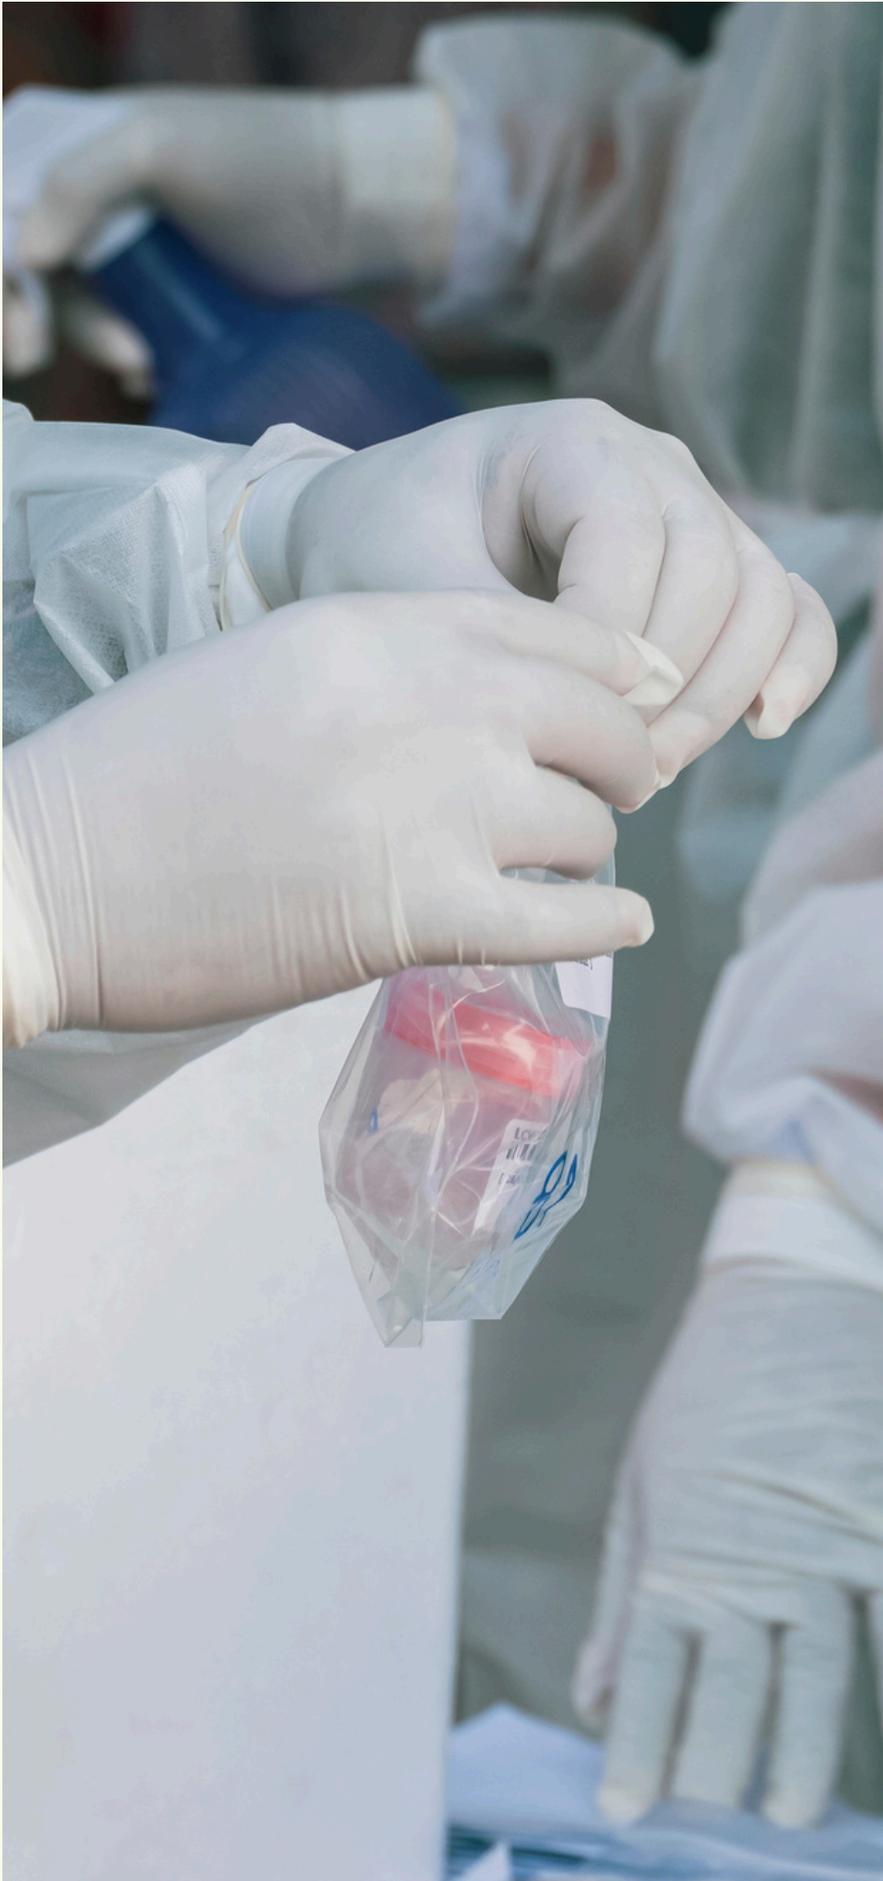

### **STERILE LATEX SURGICAL GLOVES (POWDER-FREE)**

Our latex powder-free gloves ensure smooth use and prevent health risks. Made from high-quality natural rubber, they provide a durable barrier and are strictly sterilized to eliminate harmful microorganisms. Our Powder-free design prevents granulomas, adhesion, and fibrosis.

 6, 6.5, 7, 7.5 AND 8

 POLYMER COATED

## **LATEX EXAMINATION GLOVES (POWDERED & POWDER-FREE)**

Swear's durable examination gloves are ideal for medical procedures. They are ambidextrous with a comfortable rolled rim and safe for handling contaminated materials. Available in Powdered and Powder-Free versions, they ensure a smooth, low-allergen experience.

Details:

 6, 6.5, 7, 7.5 AND 8

---

## **ANTI-MICROBIAL SURGICAL GLOVES (POWDERED & POWDER FREE)**

Our Anti-Microbial Examination Gloves (Powdered and Powder-Free) are perfect for medical procedures. These ambidextrous gloves feature a comfortable rolled rim and are safe for handling contaminated materials. Providing 99.9% protection against microbial infections, they ensure a smooth, low-allergen experience. Our gloves conform to ASTM D7909, ASTM D3577, EN455, and ASTM D6124 standards for maximum safety and reliability.
